

## On Women and Priesthood Power

*Carol Lynn Pearson*

A head-scratcher for sure  
how to plug us into  
your power grid

we round-breast pegs  
who don't fit into your  
arm-to-the-square holes.

Did you not notice  
that we arrived shining  
already lit by lightning?

If you studied us  
you would not miss the mark.

Step closer.  
See us.  
Be warmed.
